# Why We're the Perfect Partner for Your Business

## Container Expertise at Your Disposal

No matter if you're a container rookie or a pro, our experienced team is here to guide you. We answer all inquiries in less than 24 hours and help you choose the right container solution for you.

## Wide Variety - Endless Opportunities

You will find what you're looking for from our wide selection of 100+ standard container models. We also execute custom container modifications and turnkey projects including logistics services.

## Containers as a Service

We are an agile one-stop partner who can streamline your logistics chain. Over the years we have built a strong partner network worldwide to help us serve and reach our customers on time.

# Containers for Freight and Storage

We have a wide selection of shipping containers for international freight as well as storage containers that withstand ultimate weather conditions. We offer you fast and cost-effective delivery from one of our 80+ container depots around the world.

## Shipping Containers

ISO standard with CSC plate for easy global transport and storage. Available in new and used condition both for sale and rental. Multiple different options including DC, HC, HCPW, OS, DD.

Size:  10'  20'  40'  45'

## Storage Containers

Efficient and weather-resistant storage space for any construction site or yard. Available in new and used condition both for sale and rental. Available with different floor options including plywood and steel.

Size:  6'  8'  10'  
 20'  40'  45'

## Insulated Containers

Insulated containers for all-year-round storage, projects and for more. Fully insulated and equipped according to your needs. Available in new and used condition both for sale and rental.

Size:  6'  8'  10'  
 20'  40'  45'

# Containers for Office and Events

Containers are versatile and expandable venues for events, festivals and pop ups. Our office and event containers can be attached next to each other or piled on top of each other to form unique combinations that satisfy your needs. We offer two standard colors - dark grey (RAL 7024) and light grey (RAL 7035) - and a wide variety of additional color options to match your brand.

## Glass Containers

Premium containers with 1-4 glass walls, insulated and fully equipped for instant usage. Perfect for event locations, fair booths and business premises. Available in new condition both for sale and rental.

Size:  20'  6x3,2m  7x3,2m  Custom  
 9x3,2m (Available only for lease and sale)

## Office Containers

Various standard models and customised solutions. Durable and fully insulated to withstand even the harsh Nordic winters. Available in new and used condition both for sale and rental.

Size:  10'  20'  6x3,2m  
 7x3,2m  9x3,2m  Custom

## Sanitary and Toilet Containers

Insulated premium containers with different standard toilet and shower combinations. Available in new and used condition both for sale and rental. All models require access to the sewage system.

Size:  10'  20'  Custom

# Containers for Special Usage

Special goods require special storage solutions. Our wide selection includes containers that can be used for storing for example food, chemicals and hazardous materials.

## Reefer Containers

Temperature-controlled space from -40 °C up to +35 °C for storage and transport. Available with Thermo King, Daikin and Carrier machinery, in new and used condition both for sale and rental use.

Size:  10'  20'  40'  45'

## Tank Containers

ISO standard tanks for all types of chemicals and food substances. Tank sizes between 22-26m<sup>3</sup> with a steam heating system and insulation as standard. Swap body containers for higher volumes available in sizes 30-35m<sup>3</sup>. Available in new and used condition both for sale and rental.

Size:  20'  23'  24'

## Hazardous Waste Containers

Containers equipped with containment tanks for storing hazardous waste, liquids and other substances harmful for the environment. Available in new and used condition both for sale and rental use.

Size:  6'  8'  10'  20'  Custom

# Container Modifications

Working with numerous brands and thousands of special container projects over the years has taught us a thing or two about modifying containers.

For us all container projects start with listening to your wishes intently and refining the ideas into a concrete, actionable plan. After you're content with the plan, we execute it to a tee - as simple as that.

Examples of common modifications:

- Electricity and lights (standard or ATEX)
- Heating, cooling and ventilation systems
- Insulation
- Access doors, windows and openings
- Partition walls, fire barriers and special floors
- Tarpaulin walls and ceilings

# Inspirational Special Container Projects

## Highly Customised Equipment Space

Built inside a 40' HC shipping container, this container has it all: fully insulated, ventilation, electricity, access doors and customized equipment.

## Industrial Facility

A triple space with EI60 fire barriers separating one space from another. Electricity, lights and steel floors finish the insides, and the gorgeous outside color makes a statement.

## Eye-Catching Pop-Up Shop

Stylish office container complex that stands out in the heart of the city. Includes AC, glass walls, insulation and electricity.

# Global Services

To accompany our versatile product catalog, we also provide a wide range of services for our customers. With our outstanding service, you can focus on your core business - no matter your industry and wherever you are.

## One-Way Service and Cabotage

Our efficient one-way container service allows you to rent a shipping container from any of our 80+ depots around the world and then return it to a completely different depot. This saves you both time, effort and money.

## Forwarding

MC Containers has 30+ years of experience in import and export forwarding. We'll handle all the tedious paperwork for you from applications to customs declaration forms.

## International Transportation

We are an agile, one-stop partner for our customers. With our global partner network we can arrange transportation by sea, road or railroad.

# Services in the Baltic Sea Region

Those who do business in the Gulf of Bothnia and Gulf of Finland region are in for a treat. We offer stevedoring and various other services in Finland.

## Packaging and Loading

We collect, pack, and deliver your cargo safely to anywhere you want in the world. Our container packaging and loading service adheres to the ISPM 15 standard, which has been approved by the Plant Production Inspection Center of Finland.

## Depot and Warehouse Services

We offer a secure storage space for both empty and full containers in two different locations in Finland. We have our own equipment to transfer containers within the depot areas.

## Repair, Maintenance and Modification

We are the only official Thermo King and Carrier dealer and warranty repair in Finland. Our service covers the entire Finland in multiple locations. For other container models, we offer spare parts and high-quality repair and maintenance in Oulu and Vihti.

# Easy Ordering Process

This is how it works

## STEP 1

Contact us and let us know more about your container needs.

Tel. **+49 40 3486 4277**

## STEP 2

We'll find the best solution for you and provide a no-obligation quotation.

## STEP 3

Confirm the order and rest easy – we'll handle the rest.

# Your Partner of Choice in All Container Matters

MC Containers provides container-based solutions – from new and renovated shipping containers to modular buildings – to a wide range of industries. Whether you want to buy, rent or have a custom modification in mind, we'll make it a reality. Our dedicated customer service, flexibility and strong global partner network make us the partner of choice in all container matters.
